

RIDE-AND-DRIVE 2007

The National Biodiesel Board is pleased to present ***Biodiesel Ride-and-Drive 2007*** at this year's National Biodiesel Conference & Expo at the San Antonio Convention Center!

Mon. February 5th - 11:30 a.m. – 6:00 p.m. – Kickoff by Larry "J.R." Hagman
Tues. February 6th - 11:30 a.m. – 5:00 p.m. – Kickoff by Tom Holm, Eco Trek

Vehicles depart from just outside the San Antonio Convention Center - Street Level exit to Bowie Street on the East side of the building.

Note: Pre-registration and a valid driver's license are required to participate. Sign up at the Ride-and-Drive Registration Booth on the Concourse Level in the Park View Foyer, near the Cyber Café.

Join us for a spin around San Antonio in the latest diesel vehicles, supplied by major auto makers **Volkswagen, DaimlerChrysler and General Motors**. These regular production vehicles can all be operated on a blend of biodiesel and regular diesel with no modifications to the vehicle required:

2007 Volkswagen Touareg TDI, this impressive new CUV from VW features a V10 TDI diesel engine named *International Engine of the Year* in its class. VW has extended warranty protection for use of up to B5 in all of its U.S. market diesel powered automobiles. The Touareg will be running on high quality B5 biodiesel supplied by BQ-9000 accredited producer Organic Fuels Ltd. for this event.

2007 Dodge Ram 3500 Quad Cab, this powerful pickup truck, built with the new Cummins 6.7-liter turbo-diesel engine, is now approved by DaimlerChrysler for fleet use with B20, and receives a B5 factory fill at its St. Louis production facility. The Ram will be running on high quality B20 supplied by BQ-9000 accredited producer Organic Fuels Ltd. for this event.

2007 Jeep Grand Cherokee CRD, DaimlerChrysler's popular full-size SUV is now offered with an impressive 3.0L Common Rail Diesel engine. The Grand Cherokee is approved for use with B5 biodiesel and is also factory-fueled with B5 at the assembly plant. The Grand Cherokee will be running on high-quality B5 supplied by BQ-9000 producer Organic Fuels Ltd. for this event.

Express Cargo Van 1500 • AWD LS • 22" 09CPE00041 • Black 41

- **2007 Chevy Express 1500** diesel cargo van, this commercial series model is an exceptional fleet vehicle option powered by the Duramax 6600 Turbo Diesel V8 engine. This vehicle is approved for use with B5, with an available Special Equipment Option for approved fleets to use B20. The Chevy Express will be running on high-quality B5 supplied by BQ-9000 producer Organic Fuels Ltd.

2007 Chevy Silverado 2500HD, General Motors' new Chevy Silverado features a powerful Duramax Diesel 6.6L V8 turbo engine with class-leading horsepower and overall torque. This vehicle is approved for use with B5, with an available Special Equipment Option for approved fleets to use B20. The Chevy Silverado will be running on high-quality B5 supplied by BQ-9000 producer Organic Fuels Ltd.

EcoTrek Biodiesel Hummer H2 SUT – Imagine, a Hummer H2 that uses less petroleum than a hybrid car and runs on clean-burning, renewable, American-made biodiesel. Imagine no more- Adventurer, Journalist, and Award-Winning Vehicle Designer Tom Holm of the EcoTrek Foundation has built this unique Hummer and is taking it on the road for a national educational tour promoting the use of American biodiesel.

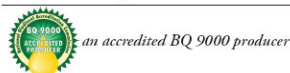

Get a closer look at this amazing vehicle on display in the Expo Hall at the National Biodiesel Conference on Monday, complete with a live art demonstration with the Hummer by popular local artist Scott Wade, better known as "the Dirty Car Artist" during the **Dine-Around event in the Expo Hall on Monday evening from 5:00 – 7:00 pm.**

Then join Tom Holm for a ride in the Hummer on Tuesday from 11:15 – 2:00 pm as it joins the Ride-and-Drive lineup of vehicles. The Hummer will be powered by pure high quality B100 supplied by BQ-9000 accredited producer Organic Fuels Ltd.

Don't miss this chance to take to the road in the latest and greatest biodiesel powered vehicles. Sign up at the [Ride-and-Drive registration booth](#) located on the [Concourse Level in Park View Foyer](#) today!
